Long-term performance and growth comes with continuous and balanced development of actions in accord with seven truths.

Truth. No leader succeeds alone.

Action.

Think of a specific high-stakes situation that called for action when you were in the role of leader:

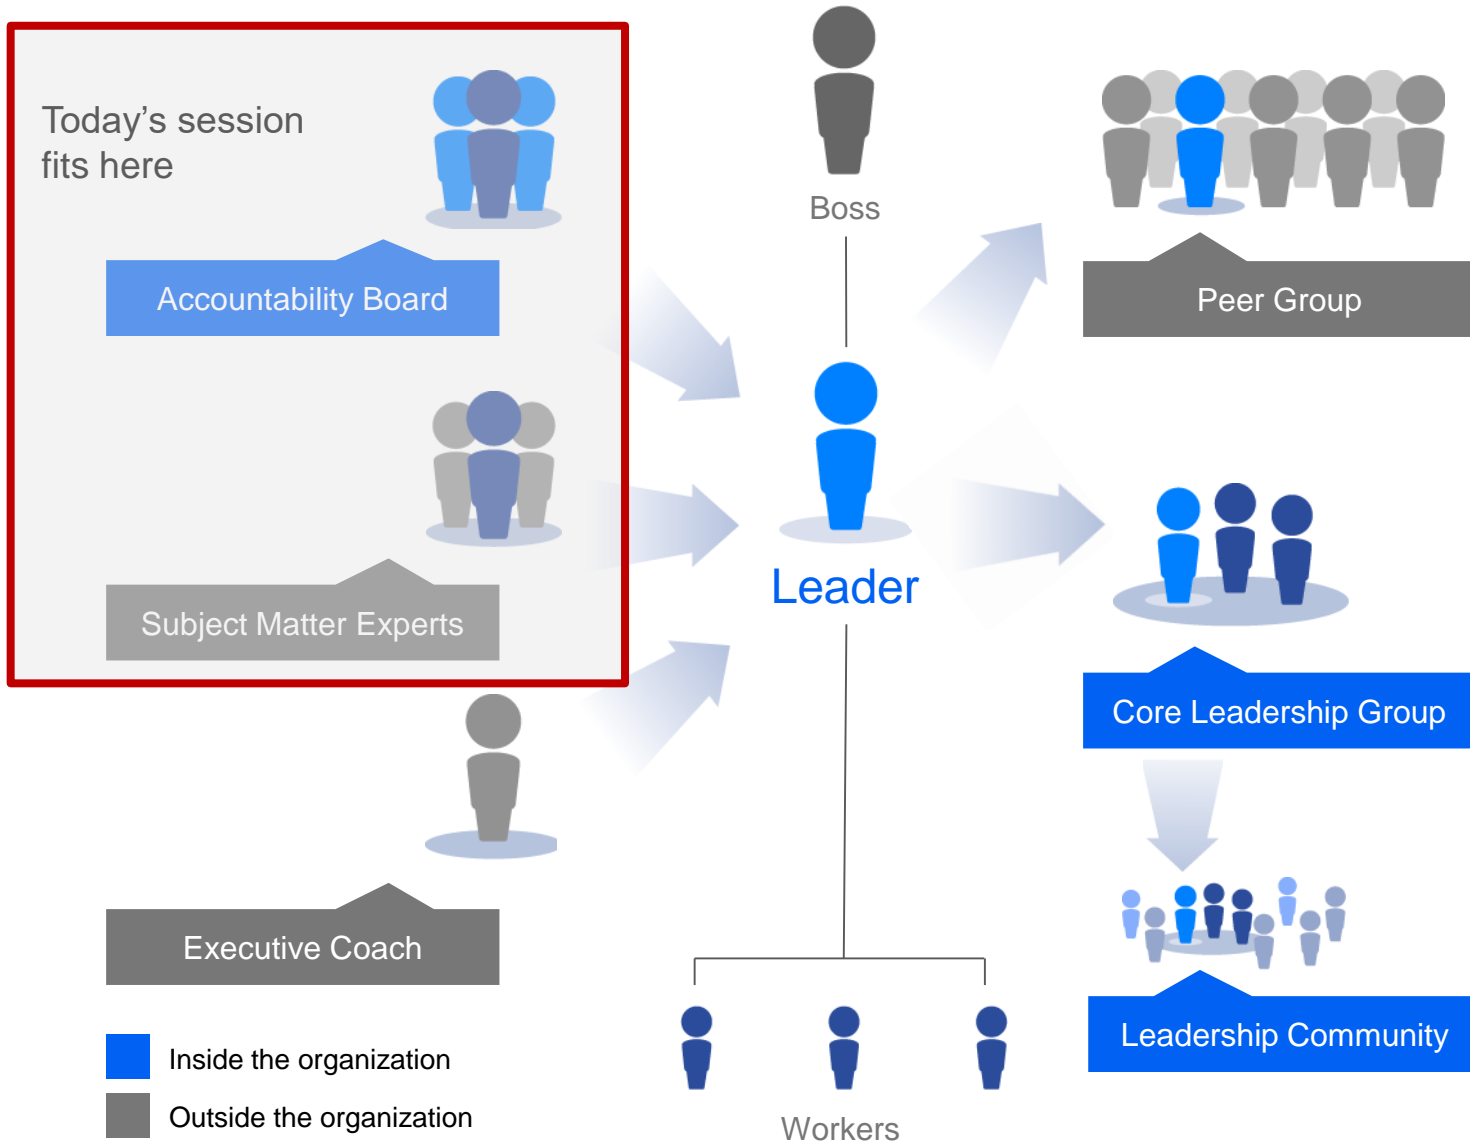

Summarize the case and what action you took.

What could you have done to get a better result?

How can you set up a system to provide the above answer before taking action instead of after?

Leadership Support for Success

Leadership Support Accountability Board

Accountability Board

Mindset: Chairman/Parent/Spouse

Qualifications:

- Experienced general manager
- Expert in something important to the business
- Able to distance from self-interests
- Has the time, energy, and drive to participate

Provides:

- Consistent point of accountability
- Helps with individual and collective focus and goals
- Access to resources (time, money, clients, partners, methods, knowledge, recruits, etc.)

Boss

Leader

Workers

Responsibilities:

- Hire and fire the CEO
- Approve financial plan
- Meet at least quarterly for 3-hours
- Minutes and actions logged in Board-book

What can go wrong:

- CEO adopts a one-down mind-set, tries to please the board, and takes direction (vs. input)
- Member(s) fail to prepare, develop point of view, participate
- Preparation runs up to meeting start
- Meeting is all “show and tell/sell” with no time to reflect and discuss important topics
- CEO fails to facilitate open discussion, debate, and pushback
- Members fail to push back in favor of congeniality

Agenda:

- What you are you trying to do
- What you have done to do it
- What happened
- What you have learned
- What you plan to do next

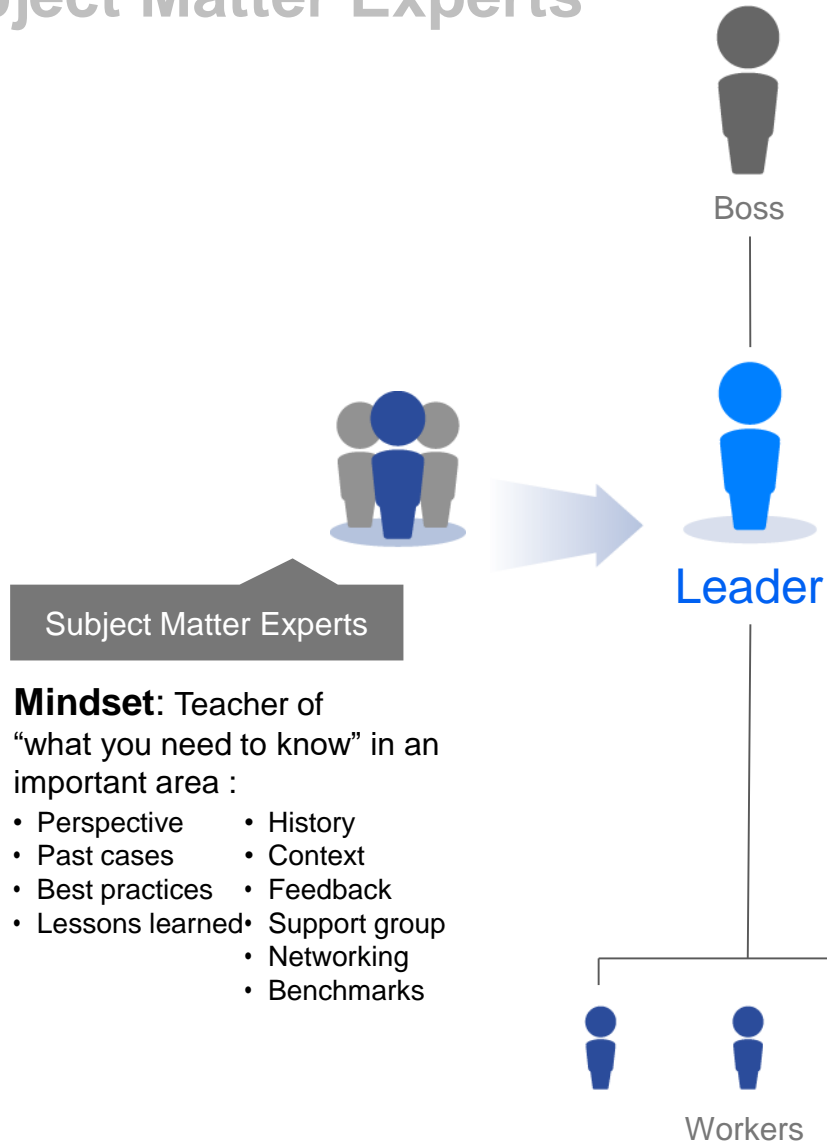

Members:

- Prepare, Develop a Point of View, Show Up, Pay Attention, Participate don't dominate
- Ask challenging questions to push up thinking
- Give best advice and counsel
- Create a safe environment for open discussion

Leadership Support

Subject Matter Experts

Subject Matter Experts

- Mindset:** Teacher of “what you need to know” in an important area :
- Perspective
 - Past cases
 - Best practices
 - Lessons learned
 - History
 - Context
 - Feedback
 - Support group
 - Networking
 - Benchmarks

Operations:

- Consult individually as needed to draw on expertise
- Meet as a group once or twice a year to work on cross-cutting matters
- Makes no decisions, take no actions as a board
- Invite Accountability Board members to also serve as advisors

What can go wrong:

- Subject Matter Experts treated as Accountability Board Members and lose context
- Fail to meet or member(s) don't show-up
- Members fail to prepare, develop point of view, participate
- Preparation runs up to meeting
- Meeting is all “show and tell/sell” with no time to reflect and discuss important topics

Board of Directors vs Accountability Board vs Advisory Board

- See sample board charter vs. advisor charter
- Corporate bylaws frame how many, and who must be, on the Board of Directors
 - Members have legal responsibilities and bear real risk (and so require Directors & Officers Insurance)
 - Compensated with meeting fees and/or equity
- Corporate Board **can** serve as the Accountability Board; often assumed to be but failing.
- Board of Advisors **can** be an Accountability Board; often isn't but thinks it is.
- **Professional money** (i.e., Lender, Angel, Venture Capital, Private Equity) often **comes with governance** via board members and observers.
- A high-functioning Accountability Board **increases the odds of getting professional money** and of maintaining pre-money mode of operation vs having to conform to preferences of those who provide funding.
- To maintain control and keep costs down (e.g., legal, insurance) yet get the benefits, some private companies set up their Accountability Board as a Board of Advisors instead of Board of Directors.

Accountability Board Management

Best Practices

- CEOs job is to manage organization resources to maximum effect; the board is a resource...use it!
 - **Know what is wanted from each member**; ask each for it; give feedback
 - Ask the board and each member what they can do to help...then invite him/her to do it.
 - At least annually survey/discuss to **assess how the board and each member is performing**, what has gone well and what can be done to improve; act accordingly
- Maintain a rolling-year schedule at locations convenient to the company.
- Manage each meeting to accomplish what is needed; see sample board meeting artifacts; send out two days ahead of meeting.
- End each meeting with executive session to cover sensitive matters; invite outside directors to meet alone to discuss how things are going with the CEO and his/her team.
- Treat members with utmost respect but do not overdo deference
 - Stay in touch with each between meetings, in the way that works for him/her and you, to solicit input and to keep him/her apprised so as not to be blindsided, behind the curve, or cut out.
 - Let each know what is needed from him/her between, and in, each meeting.

Accountability Board Membership

Best Practices

- Have ad hoc meetings/calls when needed to get out in front of emerging issues/opportunities but don't make more of an issue than needed.
- Keep the number of members as small as practicable to be more manageable.
- Invite management team and others to attend, with a bias towards inclusion, to the benefit of both attendees and members; model how direct reports should behave.
- Manage the space between Board and Management; otherwise the Board it will either ignore or manage the CEO based on swings from *apathy* to *fear* and *greed*.
- Build board thoughtfully as it is hard to unwind membership; use term/age limits and varying responsibilities to drive changes.
- Where to find members:
 - Personal network
 - Retained search
 - IntelliVen Executive Sessions (a.k.a.: Accountability **Board-in-a-Box** or Instant Accountability Board)

Accountability Board

Use committees to address specific needs

- Required Standing Committees:
 - Audit
 - Compensation
- Common Standing Committees:
 - Executive: Sets agenda for the full board
 - Governance/Nominating/Membership Committee: sets target board profile, assess current board, drives to achieve target profile and performance
 - Finance: for organizations with complex financial structure that not all board members need to be equally concerned with
 - Ethics/Compliance
- Ad Hoc committees address specific matters that come up and sunset upon completion
- Role of chair:
 - Poll members to set agenda and to assess company, CEO, and board performance
 - Let members know ahead what each needs to expect and to do in upcoming meeting
 - Facilitate meetings; e.g., keep things moving and on track per schedule allowing to go off schedule when needed
 - Identify and head off problems between members
 - Drive board development
