

IVOA ChatGPT Plugin Terms of Use

Effective date: September 29, 2026

These terms apply to the IntelliVen Operations Advisor (IVOA) ChatGPT plugin provided by IntelliVen, L.L.C. By using the plugin, you agree to these terms.

Purpose

IVOA helps leaders, teams, and advisors apply IntelliVen's Manage to Lead methods. It supports activities such as drafting and assessing a Mandate, clarifying WHAT-WHO-WHY, developing Change Frameworks, and comparing and consolidating perspectives.

Access and fees

IntelliVen does not charge for use of this plugin. OpenAI may require an eligible account or plan. Any OpenAI charges and access requirements are separate from IntelliVen.

The plugin's availability depends on OpenAI's platform and distribution arrangements.

Your responsibilities

You are responsible for the information you provide and for having permission to use any documents or other materials you submit.

Review IVOA's responses before relying on them. AI-generated responses may contain errors, incomplete analysis, or assumptions that require validation. A consolidated draft does not establish agreement among team members.

You remain responsible for your decisions and actions. IVOA provides leadership and management guidance, not legal, tax, medical, or other regulated professional advice.

IntelliVen materials

IntelliVen retains its rights in the Manage to Lead materials, plugin instructions, reference documents, names, and branding included in the plugin.

You may apply the methods and use IVOA's responses in your own organizational work, teaching, coaching, and advisory work. Access to the plugin does not grant permission to republish or resell the packaged IntelliVen source materials, or to claim IntelliVen endorsement.

These terms do not change any rights you hold under a separate agreement with IntelliVen.

Privacy

The plugin has no external connection that sends your conversations, uploaded documents, or usage information to IntelliVen. See the IVOA ChatGPT Plugin Privacy Policy for details.

Your use of ChatGPT is also subject to OpenAI's applicable terms and policies.

Availability and results

IVOA is provided as available. IntelliVen does not promise uninterrupted access, error-free responses, or particular organizational or business results.

Changes

IntelliVen may update the plugin or these terms. The effective date above identifies the current version of the terms.
